# RULES FOR THE FORMATION OF RESULT COMMITTEE (1/2)

- While co-opting teachers, the following should be strictly ensured for the fairness of the result:
  - Teachers should be teaching class X in the neighboring school affiliated to CBSE
  - No interchange of teachers as committee members between two schools
  - Teachers should not be from the same management schools
  - Teachers should not be from the school where the Principal is the Co-opted member in the Management/ School Committee.
  - Any other relationship which may influence the result of the school/student
- Ward(s) of the committee members should not be appearing from the same school.
- CBSE may also appoint two external members in the Committee.

# RULES FOR THE FORMATION OF RESULT COMMITTEE (2/2)

- To deliver fair and unbiased results.
- Committee should be well acquainted with the Policy.
- Discussions among themselves to arrive at a common understanding.
- One Committee may discuss with another Committee
- Make themselves aware about the ground realities in the school and frame the rationale for assessment.
- Committee can make its own schedule based on the schedule provided by CBSE .
- Opinion of other subject teachers may also be obtained by the Committee.
- Everyday proceedings should be recorded in Rationale document by the committee.
- Committee will keep all the proceedings confidential.
- Infrastructure by Chairperson of the committee
- External committee members -Public Representatives to ensure fairness & equally responsible
- In nutshell, it is the sole responsibility of the committee to prepare fair and unbiased results of the students. Therefore, Committee is fully competent to take any justified decision in writing looking into the ground realities

## RECORDING OF EVIDENCES AND ASSESSMENT (1/2)

	Category of Tests/Exams	Maximum Marks
A	Periodic Test/ Unit Test	10
B	Half Yearly/Mid-Term Examinations	30
C	Pre-Board Examinations	40
<b>Total</b>		<b>80</b>

## RECORDING OF EVIDENCES AND ASSESSMENT(2/2)

	Issues in Schools	Decision of Result Committee
(a)	In case schools have conducted <b>more than one test/exam</b> within each category	May fix the weightage to be given to each test/exam within the category subject to the overall maximum marks for that category
(b)	Schools where <b>one or more of the above three categories</b> of tests/exams <b>have not been conducted</b> .  Further there may be differences in terms of the mode of conduct of examination i.e., <b>Online/Offline</b> .	In all the above cases, Result Committee will have to address these challenges based on the analysis and study of the situation prevailing in the school and thereafter draw up a criterion for the assessment of 80 marks.
(c)	Also, it is possible that <b>some of the students may not have appeared in any or some</b> of the examinations conducted by the schools.	
(d)	Where all the <b>three categories of tests/exams have not been conducted</b> by the school, and	
(e)	In cases where students have <b>not appeared in any</b> or some of the tests/exam category selected for the assessment.	I  In all cases, clearly record all its decisions in writing with the reasons in the Rationale Document.
(f)	Any Other Issue	

# ASSESSMENT STANDARDIZATION

## SCHOOLS HAVING 03 YEARS RECORDS

### MODERATION

#### Historical Performance

Best overall performance in the previous three years' Board examination, will be taken as the reference for moderating the marks assessed by the school for 2021.

#### Example

Year	Average	Selection
2017-18	72%	Agreed
2018-19	74%	
2019-20	71%	

#### Range of Marks

The subject wise marks assessed by the school for 2021 should be within a range of +/- 2 marks obtained by the school in the subject in the specific reference year.

Class-IX/ Other  
Evaluation/Project base  
Assessment

# ASSESSMENT STANDARDIZATION

## SCHOOLS SPONSORING FIRST TIME

### ONLINE SYSTEM BY CBSE

#### Historical Performance

Best overall performance in the previous three years' Board examination, will be taken as the reference for moderating the marks assessed by the school for 2021.

#### Example

- District wise average
- State wise average
- Nation wise average

#### Range of Marks

The subject wise marks assessed by the school for 2021 should be within a range of  $\pm 2$  marks obtained by the school in the subject in the specific reference year.

# PROCEDURE FOR ASSESSMENT OF STUDENTS

## Internal moderation of marks (Illustrative example)

- The Board will provide the **broad distribution of marks across students** for a particular subject, for the school
- The distribution of marks is based on the performance of the school in the subject in Class X Board Exams in specific reference year.  
**Say you selected 2019-2020. BOARD WILL MAKE THIS AVAILABLE**

Subject: Mathematics

Marks Range	<26	≥26 to 40	>40 to 50	>50 to 60	>60 to 70	>70 to 80
Percentage of total students having marks in the particular range.	1%	14%	25%	10%	20%	30%

- In case the school gets the above distribution and for 2021 exams 200 students have to be assessed then the school assessed grades of the students should broadly be distributed across range of marks as per the following table

Subject: Mathematics

Class X – 2021

# of students 200

Marks Range	<26	≥26 to 40	>40 to 50	>50 to 60	>60 to 70	>70 to 80
Number of students having marks in the particular range.	1% of 200 = 02	14% of 200 = 28	25% of 200 = 50	10% of 200 = 20	20% of 200 = 40	30% of 200 = 60

**Rough figure 384**

**7**

**53**

**96**

**38**

**76**

**114**

- The school has enough flexibility for assessing individual students.
- However, **overall distribution of marks should fall in the defined ranges.**

# OTHER IMPORTANT ISSUES

(1/3)

## Verification of data

- Verification by sending teams
- A check on the uploaded data
- Schools would be asked to submit their record to the Regional Office concerned and these documents will be verified by a team of experts deputed by CBSE.

## Non compliance

- In cases where the school deliberately indulges in practices that are not fair, unbiased and objective CBSE reserves the right to:
- start dis-affiliating proceedings and/or
- impose financial penalty against the school or
- decide not to declare the result of Class X for the school till the time it is not in conformity with the Board's Policy.

## Uploaded data is final

- Data of both internal and external assessment once filled by the school shall be considered final.
- No request for correction of marks because of wrong entry or mistake of any sort will be allowed.
- Hence, due care should be taken while uploading all marks on part of the school.

## Candidate not assessed

- If any candidate has not appeared in any of the assessments conducted by the school, the school may conduct
- an offline/online or a telephonic one to one assessment and
- record documentary evidences to certify the recommendations.
- The student may be assessed objectively on that basis by the school out of maximum marks of each subject.

## Candidates with Disabilities

- If any student with benchmark disability has not appeared in any of the assessments conducted by the school,
- the school may consider other activities such as Portfolio, Presentations, Project, Quiz, Oral Test, etc. done by such candidates during the session for assessment in place of offline/online assessment and
- record documentary evidence in such cases.

**After Result Declaration**

- As assessment has been done by the schools and
- the answer books have been shown/handed over to the students by the school,
- process of verification of marks, providing photocopy and re-evaluation scheme will not be applicable for Session 2020-2021.

**Mathematics Class X Vs XI**

- In continuation to the Circular No.Coord/Printing/2020 dated 06.08.2020
- exemption has again been extended to permit Mathematics (01) in Class XI, if a student has offered Mathematics Basic (241) in Class X.
- All other conditions as stipulated in above said circular will remain same.

**Schedule of Activities**

Subject wise performance by CBSE 10.05.21  
Submission of marks to CBSE 5.06.21  
Submission of internal assessment marks (out of 20) 11.06.21  
Declaration of result by CBSE 20.06.21

**Support to the Schools**

- Webinars to explain the policy in details.
- Frequently Asked Questions
- Online details of school wise reference year marks
- As well as a provision to confirm whether the assessment is as per Boards Policy.
- E-mail to City Coordinator

**Stream in Class-XI**

- As per the scheme of studies of the Board, students are allowed to offer any combination of subjects without any streaming,
- hence, schools should also follow the same.

# ASSESSMENT STANDARDIZATION

## METHODOLOGIES TO ADDRESS SKEWNESS OF RESULT

- a) the Result Committee may decide to give weightage to the students' performance in Class IX
- b) and/or other periodic evaluations including project based assessments which are an objective measure of the academic performance of the students.
- c) **Overall average marks in the subject for the school in the Board Examinations of the specific reference year.** The overall average marks assessed for each subject by the school should not exceed the average marks obtained in the subject by the school in the Board Exams of the specific reference year.

## CHECKS AVAILABLE IN THE ONLINE SYSTEM

- a) Once the uploaded school based assessment marks are consistent with the Board's policy, the school will be able to finalise the marks on the Board's portal.
- b) In case marks are not consistent with the Boards policy, schools will not be able to upload marks on the Boards portal.

**Policy for Private and Patrachar candidate will be released soon.**

14. RECORD ALL ACTIONS

# HISTORICAL PERFORMANCE OF THE SCHOOL

YEAR	OVERALL AVERAGE
2017-18	72%
2018-19	74%
2019-20	71%

## **1. IF YOU HAVE TAKEN 2017-18 AS REF/HISTORIC YEAR**

**(a) Marks as given out of 100 will be converted from 80**

**(b) Marks =  $98/100$**

**(c) Out of 80     $X = 96 \times 80 / 100 = 76.8 = 77$**

## **2. CALCULATION OF RESULT OF OTHER THAN 5 SUB**

**Maths = 77/80**

**Science = 75/80**

**Social Sc.= 70/80**

**English = 72/80**

**Hindi B = 74/80**

**MEAN =  $77+75+74=226/3=75.33=73$**

**Computer Application:-  $73 \times 50=3650/80=45.6=46$**

### 3. Variation of +/-2

Maths Mean Marks = 70 +2= Mean Marks=72

Science Mean Marks = 75 -2=Mean Marks=73

Social Sc. Mean Marks = 72

English Mean Marks = 71

Hindi B Mean Marks = 74

Over all Mean Marks = 73 This will remain 73 only
