Appreciation Messages

It was an awesome experience to attend today's function. Totally an enthralling combination of fun and learning. Khiansh learnt about so many sports and sportspersons, which will be going to surely motivate him to play. Hoping to have next year event in the school! Thanks to the entire team for organizing such a great event.

Hi Mam(s), I would like to thank you and the school team for arranging such an awesome event. The way you managed our 3-year-old son to actively participated in this event is commendable. Our son participated with such enthusiasm and zeal that we could have imagined. You put in a lot of hard work to make this happen.

We can see changes in our son because of you. We are highly grateful to you for being there for our kid and helping him grow. Aahan is always excited to attend the classes and it feels amazing to see the joy of learning on his face. Lastly, Congratulations to you and your school team for the success of the event.

Hello Ma'am,
Nevaan, along with his parents, enjoyed the National Sports Day celebration today. He was enthusiastic and excited for this day, wearing his new dress, as per the dress code. He was all happy to do the signature steps on the various sports related dance numbers, like, chakk de, dil ziddi hai, as taught by the teachers. This was a good event in virtual environment. Thank you!

Thanks Maam for such a great initiative. In these difficult days kids are really missing the fun and discipline that comes through sports. This has definitely helped the, it has also given parents great ideas to keep them involved in constructive activities. Thanks. We truly loved it.

I am overwhelmed while writing this email to you for an amazing execution of Sports Day. I appreciate the way different activities and dances were introduced throughout the month and then commenced in the finale. It would have been amazing if these kids had learned all this in offline classes but still it was great to see these little munchkins performing dance and activities. I would like to mention that both of you did a great job in making this event a success. Hats Off to dance and sports teachers as well. I look forward to many more of such events in the future. Thank You.

It was a very well co-ordinated and excellently planned event. The final performance itself showcased the amount of effort put in by the teachers and the school management.

During the journey, our kids learnt so much about different sports, skills, famous personalities etc. and all kids were very thorough with all the steps and presented immaculately. I also loved the badge kids themselves prepared.

Kudos to the entire team.

Dear Simran Maa'm and respected teachers,

It was our pleasure to see these kids performing live and making this sports day come alive with their zeal. Definitely, it was a commendable effort by all the teachers could make practice sessions possible along with their regular studies.

Never imagined that even an event like Sports day can be organised and executed so well(virtually) by Teachers and students team work. A special mention to Dance and Yoga teachers who made them learn different skills in a brief time. Indeed a great day of this academic year.

Thanks LVIS for focusing on the overall development of learners

Warm regards

Dear Ma'am,

Healthy mind lives in Healthy body. LVIS has always given due importance to Sports & Co-Curricular activities along with Academics.

Celebration of National Sports Day has been extremely overwhelming. Kids learned a lot about various sports like Boxing, Hockey as well as Athletics. They looked forward to share their knowledge about the particular Sport they were assigned. It helped in building Sportsmanship and teamwork along with other qualities.

Appreciate LVIS and the entire team for taking efforts and making the journey of these little ones full of learning, fun and laughter. Looking forward to many more such events in the future.

Dear Mam, We are extremely happy with the way the whole sports day event was handled by you even during these virtual times. It is commendable to see the enthusiasm of the kids as well as that of the teachers for this kind of activity (never thought a sports day could also be celebrated online with such excitement). Atharv had a wonderful time preparing as well as presenting his research work during the event. kudos to you and the kids for making it a great success!

Good morning Ma'am,
Today's sports day event was really great. And we are actually surprised that school has taken the pain to organize this event virtually. The teachers has been working so hard with the children and making them practice on screen which is a really difficult job. Kudos to all of them.

Respected Teacher's ,A very Good Afternoon ,

It was glad to see the outstanding performance of our learners, the way they have done research work and spoke lines about it. The way they did warmup exercises , shown their skills on athletics, boxing and hockey and last but not least the way the learners have showcased dance performance. Never thought that even virtually this type of event and performance is possible. Learners have really learned and gained a lot out of it, as now they relate sports as a part of life. The credit goes to the hardwork and efforts given by the class teachers , sports teachers , music teachers , dance teachers and all other school staff members who have been working behind it , so that the event is successful. My regards and special thanks to Respected Ritu Ma'am and Respected Principal Ma'am who never comes in front of the stage but they are always there standing behind the stage in organising and planning these events on special and important days and making the occasion/event finally successful.

The learners never cease to amaze! The format of the sports day was a very challenging one for a 6-7 years old, or, so I thought. With a little direction from the teachers, it's amazing how the self-motivated kids understood what needs to be done, collaborated with their team members, motivated & helped each other, practised and executed it with finesse! Thankyou Lotus Valley for pushing their envelope and inculcating team work in them!
